THE AVIATOR 1937

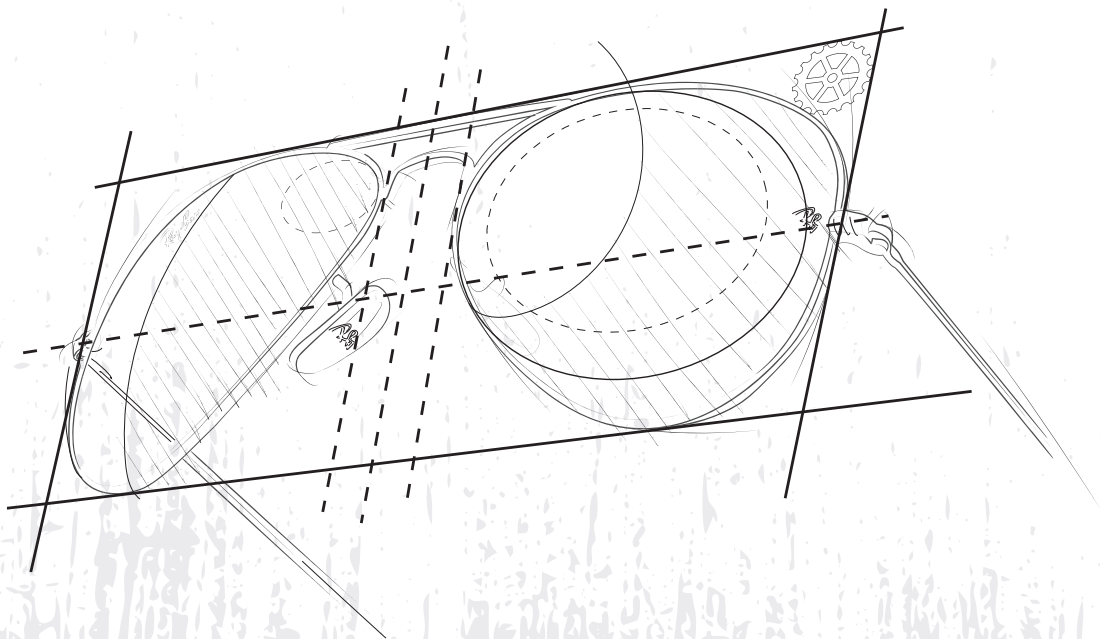

RAY-BAN®

THE HISTORY OF A LEGEND

YOU KNOW THE NAME,
BUT DO YOU KNOW THE STORY?

Timelessly classic and fearlessly modern.
It all began over **80 years ago** back in 1937
when the **high-flyers** of the US Air Force
needed protection against the harmful
sun rays. And so, Ray-Ban was **born**.
The decades passed. Trends changed.
But Ray-Ban **remained**.

The brand's **undeniable presence** from
the stage to the streets put the cult in
culture for **trendsetters** around the world.
And just like that, Ray-Ban **became** the
look of legends and **a true symbol of style**.

It needs no introduction, one of the most iconic sunglasses in the world, Ray-Ban Aviator Sunglasses were originally designed for U.S. Aviators in 1937.
